# LASER SKIN REJUVENATION

*Skin rejuvenation treatments go beyond surface results — they awaken your skin's natural youth. With DEKA Again laser technology, collagen and elastin are reactivated deep within, tightening, smoothing, and restoring a firm, radiant glow from the inside out.*

# LASER CORRECTIONS

---

*“While rejuvenation makes the skin behave younger, correction treatments focus on specific problems that can affect your skin’s clarity and health. Using DEKA laser or IPL technologies, we treat visible concerns such as pigmentation, sun damage, broken capillaries, veins, acne scarring. These are targeted solutions that correct what you see on the surface, helping your skin look clearer, healthier, and more even-toned.”*
